

Yuvraj Chadha

Los Angeles, CA | 949-922-1432 | yschadha@gmail.com | linkedin.com/in/yuvraj-chadha

Education

University of California, Los Angeles (UCLA) | Los Angeles, CA

Sep 2023 – Expected Dec 2027

B.S. Computer Science and Linguistics — GPA: 3.7/4.0

- **Coursework:** Data Structures & Algorithms, Discrete Math, Computer Systems Architecture, Microeconomics

Skills

Product: Product strategy, roadmaps, specifications (PRDs), experimentation plans, A/B testing, go-to-market briefs, backlog prioritization

Research & Data: User research, feedback synthesis, market research, competitive analysis, content analytics, SQL, Excel, KPI dashboards

Technical & AI: Python, JavaScript, React, REST APIs, Firebase, LLM/RAG workflows, n8n, Zapier, Figma, Jira, Notion, TikTok analytics

Work Experience

Autopilot – Technical Product Manager

Jun 2025 – Present Los Angeles, CA

- Launched an automated motion-graphic content pipeline, lifting content retention and viewership **120%** across channels.
- Built an AI customer-support automation from 0 to 1 and scaled it into standard process, cutting the support budget **12%**.
- Wrote specs and experimentation plans against weekly retention and cost KPIs; shared learnings with stakeholders.
- Turned manual internal workflows into scalable automated systems, reducing operational workload across teams.

IBM – Solutions Engineer

Jun 2025 – Aug 2025 Los Angeles, CA

- Ran user research and discovery with enterprise clients to deploy AI on **watsonx**, closing **3 deals worth \$750K**.
- Shipped AI sales tools on watsonx and IBM Bob, driving a **1400%** productivity gain across the enterprise sales team.
- Launched an automation converting IBM Bob use cases into Sales Cloud opportunities, accelerating deal progression.
- Partnered with sales, engineering, and client stakeholders to tie requirements to measurable revenue targets.

AfterQuery (YC W25) – AI Engineer

Mar 2025 – May 2025 Los Angeles, CA

- Synthesized **10,000+** user data points and interviews into product specs, SOPs, and a prioritized build queue.
- Launched **3 operational workflow tools** from 0 to 1 for 50+ users, cutting research cycle time **40%**.
- Collaborated with engineering to track adoption KPIs, maintain shared documentation, and ensure platform compliance.

Hemut (YC X25) – Product Manager

Nov 2024 – Mar 2025 Los Angeles, CA

- Interviewed enterprise trucking clients to map fleet workflows, surface inefficiencies, and define the product roadmap.
- Shipped a **merchant-facing dashboard** with 8 engineers, writing specifications and prioritizing scope.
- Tracked partner KPIs for engagement, workflow completion, and retention, supporting a **\$5M** annual revenue run rate.
- Sized the logistics market and mapped competitive gaps to inform differentiation and go-to-market for enterprise pitches.

Projects

PureProphet.ai — Prediction Market Analytics (*Python, APIs, Automation*)

Oct 2024 – Present

- Built a cross-market platform on live Kalshi and Polymarket APIs, normalizing prices to surface arbitrage opportunities.
- Designed decision models that turn pricing signals into actionable trade insights for platform users.
- Expanding into a consumer product: own the roadmap, competitive analysis, and creator-led distribution strategy.

UCLA Facilities Automation (*Python, n8n, OCR, RAG*)

Jan 2025 – Apr 2025

- Interviewed facilities technicians and supervisors to map procurement and invoicing workflows.
- Built an end-to-end pipeline (Python + OCR + RAG + n8n) converting purchase orders into structured, queryable data.
- Cut manual processing time **88%** (roughly **3 FTEs** of effort) and documented SOPs adopted across departments.

Leadership & Involvement

Delta Sigma Pi Business Fraternity – Vice President

Dec 2024 – Present Los Angeles, CA

- Designed a development roadmap for **80+ members** and ran **10+ career events**, iterating on engagement metrics.
- Built feedback systems and shared docs to coordinate across committees; wrote SOPs for recruiting and case prep.

Additional Information

Creator: Active food-vlogging creator on TikTok; use content analytics to iterate on formats and audience retention

Achievements: Bain Case Competition Finalist; Wharton Online (Strategic Management, Connected Strategy)

Interests: Prediction markets, house music, pickleball, golf, weightlifting
